

## DeBartolo Development, Rimrock Devlin Development Break Ground on Luxury Condo Project in Whitefish, MT

---

TAMPA – DeBartolo Development, LLC in partnership with Rimrock Devlin Development, are proud to announce the groundbreaking of The Quarry, a luxury condominium project in the Wisconsin Avenue Corridor of Whitefish, MT.

Located in the Northern Rocky Mountains, just a half mile from downtown Whitefish and 10 minutes from the ski slopes of Whitefish Mountain Resort, the 3-phase condominium development will consist of 102 mountain modern 1-, 2-, 3- and 4-bedroom cabins.

“Whitefish is the DeBartolo family’s second home and we are extremely excited to add to the community’s growth,” said Edward Kobel, President and Chief Operating Officer of DeBartolo Development. “Whitefish is a resort destination with a world-class ski resort and the gateway to Glacier National Park only 25 miles away. There is currently a shortage of nightly rental properties in the area and The Quarry will help fill this demand with its nightly rental program.”

Amenities will feature a private homeowner clubhouse, which will have men’s and women’s locker rooms, a lounge, a workout room, a large outdoor pool, Jacuzzi, snow bus stop, walking trails and bike paths, fire pits, open space and more.

Denman Construction is the General Contractor and ECCO is the architect.

Phase I of The Quarry is anticipated to be completed in July 2019.
